Amazing holidays

Hi Thomas,

We're in Canada. It's really big – it's the second biggest country in the world. We're on the train from Toronto to Vancouver. It is a very long train journey.

It takes more than three days. It is winter now, and outside there is snow everywhere. It's much colder than Britain. At the moment I can see some mountains. I think they are the Rocky Mountains. They're much taller than the hills near my house. They're beautiful. I'm really enjoying this holiday.

Ellie

Hello Natasha,

I'm on holiday in Göreme, a town in Turkey, with my family. It's sunny all the time. It's much hotter here than in Britain. There isn't much rain and there aren't many trees. Everything is very dry. Britain is much wetter and greener. We're staying in the best hotel in the town. It's amazing. Our room is in a cave and it's got a lovely swimming pool. It's smaller than the pool at school, but it's warm and we swim every day.

A week in New York

Last year I went to New York with my mum and dad. These are my photos.

One day we took a boat to Staten Island.
The view of New York

was amazing. On the way we saw the Statue of Liberty. It was green and more than 93 metres tall. The French people

gave the statue to the Americans in 1886. It was a present for America's 100th birthday. It was ten years late!

My family also visited the Empire State Building.
Millions of people visit the building every year. It opened on May 1st 1931. It was the tallest building in the world at that time. We went

up to the top, and there were wonderful views. The Empire State Building has got 6,500 windows – that's a lot of windows to clean!

Central Park was very big. It was sunny and there were lots of people in the park. We had lunch next to the Lake and

watched some people in boats. Then we went for a ride in a horse and carriage.

On our last day we went shopping on Fifth Avenue. It's one of the most famous shopping streets in the world. I bought

a present for my best friend. I got him a T-shirt with an American flag on it.

Talk about a city you visited.

Looking after our world

We must look after the forests. More than half the world's plants and animals live in forests. Many medicines come from these plants. We need forests, but all around the world, people are cutting down trees. They use the trees to make paper and furniture. You can help save the forests. Don't waste paper.

People, animals and plants need clean water. We drink water and we wash with it. Plants must have water to arow. We must look after the lakes and rivers. We mustn't waste water. Turn off the water when you clean your teeth. Baths use more water than showers. Take a shower, not a bath.

We must look after our towns and keep them clean. People don't like dirty streets - they're ugly. Children can't play in playgrounds with a lot of litter – they can have accidents. You can help. Don't throw litter in the park or the street. Take it home or put it in a bin.

We need clean air. Dirty air makes people sick. In 1952 many people got very sick in London because the air was dirty. Today London's air is much cleaner but cars still make it dirty. You can help. Don't always go by car. Walk or ride a bike.

New Year's Day: Artem's story

Read the text. What did Artem wish for the New Year?

Hello! My name is Artem. I am from Kyiv. I like New Year very much because it is a magic holiday. And I will tell you why.

I didn't have a family and lived in an orphanage. But I always wanted to have a Mum, a Dad and a brother or a sister.

New Year is our favourite holiday.
